## CN-UB/E: Surge Voltage Protector

Attachment plug with surge voltage protection, for coaxial signal interfaces with floating shield.  
Connection: N connector female/female

The surge voltage protector for non earthed coaxial lines has to be installed in the antenna line. The 1.5m wire has to be connected as short as possible to earth. It is equipped with two type-N female connectors

### Important Note

This product is no longer available and may have been replaced by a newer product. We will, of course, continue to provide support for units that have already been purchased and are still in use. Please contact our [1][Sales Department](#) for further details.

This product has been discontinued and has been replaced with: [2]

### Key Features

- Surge Voltage Protector for coaxial Lines
- Easy mounting
- Earth isolated

## Characteristics

---

<b>Nominal discharge surge current</b>	5kA / $I_{sn}(8/20)\mu s$
<b>Response Time</b>	100ns max.
<b>RoHS Status of Product</b>	This product is fully RoHS-compliant.
<b>WEEE Status of Product</b>	This product is handled as a B2B (Business to Business) category product. To ensure that the product is disposed of in a WEEE-compliant fashion, it can be returned to the manufacturer.
